

The **PROOF** is in the **ROOF**.

Subject: Roof inspections, certifications or estimates for litigation and/or property management companies, insurance and/or Real Estate transaction purposes or estimates considered “long distance”.

Due to the increasing number of roof inspections / certifications & estimates requested for ‘documentation’ purposes, property managers, general contractors, insurance repairs and litigation cases or for estimates considered “long distance”; we are unable to provide these services free of charge. This includes estimates for a ‘Real Estate Transaction in Progress’.

- We will perform an on-site roofing inspection or estimate for repairs/replacement for a fee of \$395.00.
- This fee must be paid in full by check or credit card prior to receiving our reports.
- To make this transaction convenient for you, you may pay by credit card over the phone or by check on site at the time of the inspection.
- If The Roofing Company, Inc. is awarded the work, this cost will be applied to the cost of the job, making it: “a free service”.
- To acknowledge your understanding, please sign below and return this form back to us. You may fax it to: 757-867-6629 or email it to customerservice@theroofingcompany.com

Thank you,
Debbie Morris
Office Manager
The Roofing Company, Inc.
